Salutem. Reverende Vir et honorande in Christo Frater.  
 Heri huc appulit D. Peüery advocatus à Christiano Anhaltino  
 qui in Marchionatü graviter nuper decubuit: nunciavit ei  
 de Hubero, planè dimissum eum Witebergã jam excessisse,  
 incertum, quorsum: nisi quod fama sit, in Brasiliam  
 eum tendere: vel in Austriam. Ita Deus os illud durum ca-  
 pistro tandem occlusit, ut desinat in nos labrare. Haud dubie  
 et isthic non sinè stipulatione silentii dimissus est. Quicquid  
 sit, odio non minore cadmos illos fratres prosequetur et  
 vindicta, si poterit, quam nostros. Hannig Pseudo-Calvi-  
 num Judaizantem Germanicè in vulgus sparsit ex Latino,  
 magno multorum offendiculo. Placuit nostris, ut responsum  
 à me ferret his mendis, quod nunc est sub prelo. D. Copig  
 Antistes Ecclesie Neostadiensis id. Februarij sub horam vesper-  
 tinam septimam placide in Domino obdormivit. Ita Dominy  
 paulatim evocat meliores servos propter ingratitude[m] ho-  
 minum. Ubi successorem parem inveniamus, vix inter nostros  
 video. Deus te, Vir Clarissime, nobis et Ecclesie diu incolu-  
 mem cum tuis servet: et sanctis laborib[us] tuis assatim  
 benedicat. Vale Heidelbergæ 13. Febr. 1595.

Pantaleoni Candido Salutem & Pareus.

Lucubratiuncula mea adversus Hannianas calumnias majoris  
 mihi laboris fuit, quam nunc multis videbitur: cujus tamen  
 fructum salis percepero, si quod spero, bonis conatum meum  
 non improbari, aliquib[us] vero etiam prodesse intellexero. Sane  
 confido aliquam saltem lucem me attulisse argumento difficilimo

de oraculorum applicatione ad Christum, in quo expediendo vix  
quemquam habere vel videre potui, cujus vestigia imitarem: <sup>267</sup>  
veteres Graeci et Latini sic pedem transeant, quoties ea res excul-  
enda fuit: quasi nihil haberent Judaei et similes hostes Evangelii  
qui allegationes Apostolicas eluderent. Recentiores non pau-  
sudarunt quidem multum, sed plerumque nodum vel seuerunt,  
certe astrinxerunt magis. Si quod volui, consecutus non sum  
id saltem spero me effecturum, ut eruditiores ad fusionem hujus  
argumenti tractationem excitent, alius Mercurij usum aliquo  
praestem.
