My dear Professor Erman,

For a long
time I have been wishing to
get some reliable news of you
and of your work. I do not
know if you are still living
in Walsam. Some months ago
I got through Switzerland the
Wörterbuch report presented to
the Academy which you were
good enough to send to me

Dear Sir,
I have been thinking

I got through

Through Déirdre. I am grateful for your kindness, & very pleased to know that you still hold me in kind remembrance. I was greatly grieved to hear that the war had taken Peter from you. I hope that the Frau Professor, Henri, & the two married young ladies and Anna are very well. Please give them all my very kind regards.

As to work - I have felt the disturbance of war greatly. I have had to this, & serious disturbances of my

I have had the pleasure

of me and to hear that you
are well when I hear from
you. I hope that the time
will soon come when I shall
be able to see you and
to hear all the news.
I am very well and
hope these few lines
will find you the same.

life work. I met with a very dangerous
 accident in August 1914. I fell from
 a cliff on the south Irish coast
 on to the rocks fifty metres below.
 As a result I was a long time
 in hospital, & for a couple of
 years I was not able to do
 much serious scientific work.
 Hence my Egyptian has tended
 to vanish and I greatly need
 some contact with such an
 atmosphere, as that of your
 school in Berlin, again. My
 study of Dehuti has not de-
 veloped greatly: but I have
 prepared it in an English
 form, & may possibly publish
 it in that form here

or elsewhere. I should have liked
to take a Degree in Berlin, but
I fear, in view of all that has
happened, that that will not be
now possible.

Send me a Lebenszeugnis
soon please, & address it to
Maynooth College, Ireland.
I have not been able to get
your papers on the cult of
Anama. Could you send me
a copy?

With every good wish
I remain, dear Professor Emma,
Sincerely yours
P. Boylan
