JAMES HENRY BREASTED
Director

Valley Ranch, New Mexico,
August 12th, 1933.

Geheimrat Professor Doctor Adolf Erman,
Peter-Lenne-Strasse, 36,
Dahlem, bei Berlin, Germany.

My dear Friend:

I have received, with the greatest interest, your letter of the 25th of June, and I sincerely sympathize with the anxieties which it betrays.

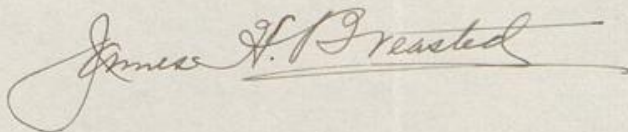

I can understand how distressing must be the tragedy of poor Professor Jacobsohn. I am looking about to see if I can do anything for his son, Helmuth. Your letter has reached me while I am absent from Chicago on vacation; but, as soon as I return, I shall take the matter up and see what can be done. The difficulty with us, of course, is the present depression, which makes it very difficult to raise any funds.

We think of you all very often, and remember with the greatest pleasure our last visit in Dahlem. Jimmie has just arrived from his Heidelberg studies, and brings us much interesting news of Germany.

Frances joins me in warmest greetings to you all.

Always your friend,

JHB/DLH.
