My dear Erman.

It is long since I had  
a sign of life from you. How  
are you and all yours?

And how goes the Dictionary?

I see that you read a  
paper on "Ägyptische  
Wortforschung" to the Academy,  
some time ago. I should  
much like to see it.

if you have a copy to spare.  
Are you already upon the  
revision of the "Zettel"?

Is all your material now  
collected? I wish my Coptic

Dictionary were making as  
good progress as your big

one. For some time, I have  
been doing little to it, my

catalogue of the Rylands  
(quondam Crawford) MSS.

occupying me chiefly, and

now also the "Corpus" of  
Junk documents, which  
Steindorff & I have planned  
for so long. We have some 130  
texts, and they alone, without  
their translations, will reach  
over 300 lithographed pages.

I wonder if your Museum has  
got any papyri from  
Skway - "سكوى" - Aphroditis?  
The British Museum has now a  
large collection, chiefly Greek  
but also Coptic & Arabic,  
all relating to one place and to  
one set of persons, circa  
AD. 710.

The Cairo Museum has lately  
acquired another lot, from the  
same place. The British Museum  
is to publish its lot all together,  
and they will make a very inter-  
-esting volume. I should be  
glad to know if there are any  
at Berlin.

Next week we go to Holland,  
for 10 days' bicycling. We  
have renewed our lease of this  
small house for another year,  
But it is a very long way  
from London! When are  
you coming across the water  
again? With best remembrances to  
you & to the Gardiners
