PS.

I am starting upon your ostraca. But I find that I have no notes of sizes.

Does that matter?

Considering their irregular shapes, I do not think it important. Identification would naturally be by the text.

But if you require the sizes, I must send you all the copies & perhaps some one will insert them. But I hope it will not be needed.

Please tell me also how many

pages of lithography it will
be necessary to send to Berlin
at one time? I am
accustomed to send 8 to the
printer here, so as to cover
2 stones and make one
complete sheet. But as yours
are only to be printed upon
one side of each page, that
will not be necessary, I
suppose.
