Dear Professor Erman,

I have received your kind letter for which I thank you very much. I must tell you that the University Library has become possessed of a copy of the "Denkmäler" by gift. The Institute of Archaeology, however, is a separate building with its separate library, on behalf of which I make to you an appeal for your friendly offices. We will naturally send you all publications from this Institute to any National Library which you may nominate. With kindest regards.

Yours very truly,

W. H. Storer
