11 Percy Circus
London W.C.
9 June 1888.

Dear Sir,

I venture to enclose a proof of one of the plates of the Sinit inscriptions, the first printed.

I hope that you will approve of the way in which it is done.

I believe that there will be 14 plates of ~~Rifa~~ Sinit inscriptions + several of Rifa (XIIth + XVIIIth dynasties).

In your letter to me you referred to your intention of again studying the Sinit texts for the Elementa Linguae Aegyptiacae. I propose to forward to you copies of the plates as soon as printed, hoping that you will make any use of them privately that you see fit.

I believe that my copy of the Verträge is final, although there are 2 or 3 signs that will probably always remain doubtful, + one phrase in the last contract but one (9th) that I cannot restore with certainty.

The ends of lines 269-272 (address to Sh) were exceedingly difficult to restore, but I believe are correct though 269 looks strange. I believe srud xet + srud paq + mrr must be a proverbial expression.

If you can give me the use of the copies of Brugsch +
Dunichen I shall esteem it a great favour. They may
contain pieces that are now destroyed, or copies of the 3
inscriptions which are now I am afraid lost with my notebook.
I have notes of all the 3 inscriptions which will enable me to restore
them approximately.

Believe me, dear Sir,

Yours very truly

J. L. Griffiths.
