Beaman  
2077

5 Doughty St:  
18 July 1892.

Dear Professor Erman,

I am very much obliged to you for the  
heap of reprints you have sent me:  
I have passed on the duplicates to  
Newberry who is very much pleased  
to have them.

The "Verhältnis d. Neg. z. d. Lem.  
Skiz." is most instructive: I wish the  
'lexicologische Theil' had led to more  
definite results, but it is a good  
thing to know how little can be done

at present.

I have hurriedly looked through  
the Benihasan texts re ~~P<sup>u</sup>~~ and  
find several confusions, a very  
remarkable one being P<sup>u</sup> ~~u~~! in the great  
misc. of Chumhotep. I <sup>think</sup> ~~suppose~~ it is  
hardly advisable to attempt to  
distinguish between them in our  
Benihasan survey. If you however  
think it ought to be done, I should  
be much obliged for a postcard  
by return of post, as we shall begin  
printing almost immediately.

I have just received a splendid  
autotype proof of one of the  
Kahun papyri.

Yours very truly

F. L. Griffith.

I have just received  
a letter from  
Koblenz  
your very truly  
J. J. J.
