I am quite sorry that the incident
has come to pass and you have
picked the bubble. However, if it
was the done at all it was the done
well; and thanks to you & Schäfer
we need have no engineering doubts.
Until your paper reached me
I had only seen newspaper reports
of the 'circumstances'! And
the whole thing looked very
"fishy".

I am quite sorry that the inevitable
has come to pass and you have
picked the rubble. However, if it
was to be done at all it was to be done
well; and thanks to you & Schäfer
we need have no lingering doubts.
Until your paper reached me
I had only seen newspaper reports
of the 'circumnavigation'. But
the whole thing looked very
"fishy".
