OXFORD.

14 Sept. 1924.

Dear Erman,

Many thanks for sending me
the Verzettelung of Amenemope. It is
interesting to see how it is done; and
it will be most useful for me to have
it just now, as I hope to work through
the text this winter with my class
and to compare the original in the
British Museum.

I note that you retain Budge's
reading ⲉ in I 13 etc. but it should
surely be Ⲑ. I shall hope to send
you notes of new readings later on,

or perhaps I shall print them if they
are worth it. I hear that you are
broy with the dancing paperus.

I am much obliged to Grapow for
dispatiding the zetteln. I hope all is
going on well, but the amount of
new material is alarming!

Yours very sincerely

J. H. Smith.
