Dear Erman,

Very many thanks for the beautiful volume which you have sent me. Erichsen has indeed surpassed himself in autographing it, and it will be a pleasure to work through it and learn your latest views. I see that the changes from Aufl. 3 are endless, and yet you have contrived to keep the section-numbers uncha as before, which will be a great convenience in referring.

I hear that Zepharzy, a pupil of Junker, is doing great things in Nubian; perhaps he will go on to Merotic?

With our warmest greetings to you and Frau Erman from both of us

Yours very sincerely  
F. Ll. Griffith
