Dear Professor Erman

When my book

on Egyptian History came

out last July I gave a

list of those persons to

whom I wished copies sent

to Methuen (<sup>the Verlag</sup>) & amongst

them I thought I had

put down your name

but as I never had <sup>any</sup> any

acknowledgement of its <sup>receipt</sup> acknowledgment of its receipt

Through I should try  
find out if our had  
been sent & I cannot trace  
it, so I fear it has been  
overlooked. I should like

to send you a copy if you  
will do me the honour to  
accept it, but I should  
first like to know if one  
had been sent by the  
Publisher, in case it has been  
lost. If you would like

one & will let you know at  
the above address I will  
at once send one to you  
I am glad to say my book  
has been very well liked  
by several papers & I  
have had many kind &  
complimentary letters from  
friends, it has also sold  
well. Mr. Mathew tells me  
about 10 to 15 copies a week  
which he says for a "history"  
he is glad. The portions of

The Ancient people which  
I took from your book  
have been specially mentioned  
I hope you will forgive me  
troubling you &

Believe me

Yours very truly

Margaret Amherst
