Dear professor Adolph Braun,

I have to give my best congratulations
for ^{you} being in a good health. I you great learned
man whose ~~is~~ learning has spread all over the world.
I am very glad to know that you are enjoying
good health. ~~Altho~~ Although I have not written
to you for a long time yet you are always pre-
sent in my heart and I respect you for

your great services to science. I ask God
to lengthen your years. As to me, I am
enjoying good health, and I only long to see you
and your ^{learned} friends, ~~and yours~~ mainly Prof. Sch. R. B.
and Prof. Grapow, although I have not seen the
last but I have much heard of him.
It is my intention to visit Berlin first to
see you and secondly visit your museum.

And that I will do after coming back
from London, because I wish also to see it
and see its people, because I am now
advancing in # years and I think, I
shall never come back to Europe. I take
the opportunity now of being in Europe
to visit its museums, and that's the most
important aim I have now.

Please, accept my best compliments
Yours sincerely

Achmed Kausal.
