HOLMSTED,
BUSHEY HEATH,
HERTS.

Sept 14. 1896.

Dear Professor Enman

Thank you very
much for your very
kind letter. I am glad
to find that the titles
which puzzled me are
a puzzle to wiser heads
than mine, & that it
was not my own
stupidity which pre-

vented my deciphering
them. I feel encouraged
to go on again.

I have been a student
at University College
under Professor Petrie
& Mr Griffith for some
little time, & I have had
the honour of making
most of the fac-simile

drawings of the hiero-
glyphic & Greek inscriptions
in Professor Petrie's
new book on Egyptos.

I find Egyptology a
most discouraging science
for the more I do in it
the less I seem to know!

Believe me

Yours sincerely
Margaret Murray.
