Sir
Allow me to thank you for the
separate abstract you were good enough
to send me of your article on Die
Münzen d. Seldschuken von Kerman.
I am exceedingly glad to find that
my conjecture, — which I only
offered with hesitation, — that the
ك.ج.ب.ج.ل.ق. of the B. M. dinâr is
identical with ك.ج.ب.ق. is correct.
I had not referred to the history
of Muedjim Bashi, & had been
unable to discover any historical
ground for the identification: but
your paper & the very interesting work
of Turānshâh you publish settles the
matter finally. I have the honor to be,
Sir, your obedient servant
