Gizah.

My dear Professor Osman,

Thank you much for your
paper on the Harris papyrus.
I have just read it to my wife
with much interest. For all
you say, it seems the Church
must have been unwholesomely
powerful in those days.

Do you know what Ramesis^{IV}
once said ^{sadly} to a friend? It was

"Centrum ist Trumpf und
Muss es bleiben."

We are having beautiful
weather: only for 14 days

a most enthusiastic manner.

Hope to write again before long.

Please remember me most kindly
to Frau Grimm & believe me to be
ever yours most sincerely

J. P. Hubell

Next year hope my wife & wife pass
through Berlin, when we hope to
make a rendezvous in grandlance with
you all. Even Anna Marie must be
a big girl by now.
Berchardt's proposal is very pleasing to his
friends: passed his house yesterday -
a most enthusiastic man.

Next year hope my wife & I will pass
through Berlin, when we hope to
make & renew our acquaintance with
you all. Even Anna Marie must be
a big girl by now.

Borchardt's prosperity is very pleasing to his
friends: I passed his house yesterday -
a most luxurious mansion.

Hope to write again before long.
Please remember me most kindly
to Frau Orman & believe me to be
ever yours most sincerely

J. S. Rubell

has it been really hot, but during those days I chanced to be in Upper Egypt and it was not pleasant.

Carter goes away on leave in a day or two + I shall have one or two runs to Luxor + Assuan.

I hope to write you a hot-weather letter from here. Have owed you one for long.
