My dear Sir:

Your letter of May 19th, advising me in confidence of the desire of the Prussian Academy of Sciences to confer upon me the gold Leibniz Medal, is received with deep appreciation.

Dr. Breasted has already informed me of this suggested courtesy and has advised you by cable of my deep appreciation and of my further reaction to your gracious proposal.

What he has said in that cablegram with regard to my father's support of "German Science" applies with equal truth to his support of scientific research in the "Ancient Orient".

Please, therefore, regard Dr. Breasted's cable as my reply, to which I will not undertake to add anything other than the expression of my cordial thanks.

Very sincerely

gez. John d. Rockefeller Jr.

Professor Dr. Planck

Prussian Academy of Sciences,

Unter den Linden 38

Berlin NW 7, Germany.
