Dear Prof. Eoman

Pray accept my  
best thanks for the copy you  
have kindly sent me, of your  
memoir on the Obelisk-text  
of Hermapion. It is full of  
curious learning & shows  
how much a Master can  
extract from an apparently

worthless text. It is a great  
thing to get a step nearer to  
the understanding of those  
abbreviated formulae, which  
occur so frequently & are so  
difficult to interpret; & your  
paper is a masterly one.

With kind & most respectful  
regards

Believe me

Sincerely yours

Herbert Thompson
