

ITHACA, N. Y., July 13th 1898

My dear Professor Vaihinger:-

In writing to you
the other day regarding the
MS which I was sending
I neglected to mention another
subject of which I wished to
speak.

Miss E. B. Talbot who has
just received the degree of Doctor
of Philos. from Cornell University
has written her Dissertation on
"The First Principle of Fichte's Philos-
ophy." It contains a chapter on
the relation of Fichte to Kant. Would
you think that subject a proper
one for an article for the
Kant-Studien? I should ask
her to work her chapter over
again, and condense it somewhat.

[Faint, illegible handwriting throughout the page]

so that it would probably not
be more than 14 pages.

If you are inclined to consider
the paper favorably, kindly indicate
how soon it would be possible
for it to appear. The thesis will
not be printed until next summer.

I see that the Kant-Studien
is publishing an advertisement
of the Philos. Review. I asked the
publishers (Voss of Hamburg) to
send me the announcement of
the Kant-Studien which they
wished us to insert in the
Review, but have received no
reply. Will you kindly send
such an advertisement yourself,
or call the publishers attention
to the matter? We shall be glad
to give the Kant-Studien a page
and to continue it for a year.

Yours very Sincerely,
H. Creighton.
